

We need your unwanted computer equipment. We will recycle and refurbish it to be sold and use the profits generated to support our volunteers and other VCS activities in the region, or we will send it for use by projects in developing countries.

STAGE 1

Donated Equipment

Why not donate your old PC to Reboot?

Reboot take your old PCs and Laptops to reuse or recycle.

For a small fee* we will come and collect your equipment.

STAGE 2

Analysis

All hard drives are wiped before we refurbish the machine.

STAGE 3

Components Recycled

Sent to Reclaimed Appliances Shop in Boston

Refurbished using Reclaimed Components

All components are recycled, nothing goes to landfill.

STAGE 4

Bulk sales boost our income allowing us to offer training and employment opportunities to unemployed people in the area.

Bulk Purchase Sales of computers & parts

Given to Charity

Some of our refurbished equipment is donated to charities in the UK and abroad.
